2019

CARS Medical Status Confirmation

Effective immediately, the following will apply; all CARS licence applicants are required to pass a medical examination by a physician as follows:

- at the time of a first-time licence application
- every five (5) years for applicants 16 to 35 years of age
- every two (2) years for applicants 36 to 59 years of age
- every year for applicants 60 years of age and older
- applicants require a medical self-declaration in the years in which a medical examination by a physician is not required

The stress test previously required for applicants 45 years and older, initially and every two years, is now required only if the applicant's physician so deems it necessary.

I, _____ (print name), have not had any change(s) or deterioration in my health since my last physical examination for my CARS competition licence.

Signature of applicant

Confirmation de statut médical de CARS

Ce qui suit entre en vigueur immédiatement. Tous les compétiteurs qui demandent une licence CARS devront passer un examen médical délivré par un médecin, selon les critères suivants:

- Au moment d'une demande pour une première licence
- À tous les cinq ans, pour les compétiteurs âgés de 16 à 35 ans
- À tous les deux ans, pour les compétiteurs âgés de 36 à 59 ans
- Chaque année, pour les compétiteurs âgés de 60 ans et plus
- Les demandeurs de licence devront faire une déclaration médicale sur l'honneur au cours des années où un examen médical par un médecin n'est pas requis.

Le test sous effort, qui était requis des demandeurs de licence de 45 ans et plus, lors d'une première demande et aux deux ans par la suite, n'est maintenant requis que si le médecin le juge nécessaire.

Je, soussigné _____ (nom), n'ai connu ni changement ni détérioration de mon état de santé depuis mon dernier examen médical, dans l'obtention de ma licence de compétition de CARS.

Signature du demandeur

Date

Signature du parent ou du tuteur, si le demandeur n'a pas l'âge de la majorité.

Physical Examination form for a Canadian Association of Rallysport competition licence

The medical delegate for the Canadian Association of Rallysport is Dr. Robert Labrie.

Dear Doctor,

You are being asked to examine this candidate for a rally licence for the Canadian Association of Rallysport. If you find the candidate physically and psychologically fit, and they pass their other tests, the candidate will then be granted a licence that will enable them to drive a competition vehicle at extremely high speeds under the most exacting conditions. Please, therefore, examine the candidate carefully and critically, and recommend them only if you are completely satisfied in all respects. An appeal procedure exists whereby the candidate may take the matter up with a physician experienced in rallying should you disapprove the applicant. You will thus be doing not only the applicant, but also our sport, a service by conducting this examination as carefully as possible.

The following is an excerpt from the FIA regulations outlining the minimum standards required in a medical examination:

1.4 Eyesight standards required

- a) Visual acuity (before or after correction, sight for each eye should be at least 9/10 (metric)). Furthermore, any subject whose visual acuity in one eye only is diminished and cannot be corrected and who necessarily has contralateral vision, whether corrected or not, equal to or greater than 10/10 (metric), may obtain a driver's licence under the following conditions and after examination by a competent ophthalmic specialist:
 - Field of vision equal to or greater than 200°
 - Functional stereoscopic vision
 - Condition of the fundus excluding pigmentary retinal damage
 - Any old or congenital damage shall be strictly unilateral

Blindness in one eye is absolutely excluded
- b) Normal binocular vision
- c) Normal colour vision (recourse to the Ishihara tables in doubtful cases and to the Beyne Lantern, or a similar system in cases of error): in any case, no errors in the perception of the colours of the flags used in international competitions
- d) Normal field of vision
- e) Normal stereoscopic vision (licence should not be issued to applicants who are blind in one eye).
- f) The wearing of contact lenses is permitted provided that:
 - These shall have been worn for a period longer than 12 months and for a significant period every day
 - They are certified as satisfactory for motor racing by the ophthalmic specialist who supplied them

1.5 List of illnesses and disabilities incompatible with the practice of motor sport or requiring a medical assessment by a physician approved by the Canadian Association of Rallysport.

- a) Incompatible illnesses and disabilities
 - Epilepsy with behavioural effects, or under treatment
 - Amputations, except in the case of fingers where the gripping function in both hands is unimpaired
 - Orthopedic appliances, if the functional result is not equal or near to normal
 - Free movement of the limbs impeded by more than 50%
- b) Illnesses or disabilities requiring a medical assessment by the medical delegate of the Canadian Association of Rallysport
 - Insulin-dependent diabetes, on condition that a confidential document proving that regular supervision of the party concerned and of his treatment is submitted to the medical delegate approved by the Canadian Association of Rallysport
 - Myocardial infarction and myocardial ischaemia, valvular disease or other abnormal cardio-vascular conditions
 - Functional limitation of the articulations of the hand superior to 50% and affecting two or more fingers of the same hand
 - Orthopedic appliance allowing the party concerned to recover normal or near normal functional activity
 - Psychiatric conditions

Applicant's Personal Information

Name: _____ Age: _____
 Address _____ Date of Birth _____
 City/Prov _____ Postal Code _____
 Occupation: _____ Gender: M ___ F ___

Re-examination:

- It shall be the responsibility of the applicant to be re-examined as follows:
 1. Upon the expiration of their current medical examination form.
 2. Following any significant illness, injury or hospitalization.

Examining Physician's Report

L. Name, address and telephone number of examining Doctor.
 Please affix your stamp in the box.

2. Is there any evidence of abnormality of the heart or cardiovascular system? (If yes, supply details) Yes No

NOTE: For Licences, a stress related ECG is only required if you, the examining doctor, deem it to be necessary. If so, please supply a written report (not a trace).
 ECG Date: _____

3. Is there any evidence of a physical or mental condition, past or present which could, in your opinion, debar the applicant from holding a rally competition licence? Yes No

4. Does the applicant have any physical abnormality or restriction of movement of upper and or lower limbs? (If yes, supply details) Yes No

5. Vision Uncorrected Reye20/_ Lcye20/_
 -Corrected Reye20/_ Lcye20/_
 - Field of vision
 Is colour vision normal? (If no, supply details) Yes No

6. Blood Pressure (If outside normal, provide details) Diastolic- Systolic - ____

7. Tetanus Booster Dale: _____

Comments on History and Findings (continue on another page if necessary)

The applicant should have no established medical history or clinical diagnosis that may reasonably be expected, within two years after this finding, to make them unable to perform the duties or exercise the privileges of a Canadian Association of Rallysport competition licence.

On the basis of the above report, and mindful of the information provided to me, I make the following recommendation:

- That the applicant is physically and psychologically fit to drive a rally vehicle in competitive events at high speeds.
- That the Canadian Association of Rallysport medical delegate review the applicant's application.
- That the applicant is NOT physically and psychologically fit to drive a rally vehicle in competitive events at high speeds.
