

How to get CARS Group Insurance Package questions answered.

The steps to get insurance questions answered;

1. Review the coverage summary documents on the CARS website https://carsrally.ca/wp-content/uploads/2015/09/CARS_-Insurance_Summary_Mar2020-3.pdf this document should answer the vast majority of insurance related questions.
2. A specific question not covered by the coverage summary can be sent to the CARS office. Either CARS or our insurance broker will get an answer. It is very important that individuals do not provide their interpretation of what the policy covers. As with all insurance it is best for CARS to ask for that interpretation from the insurer.
3. If there is an incident, it is critical that an incident report is to be completed and sent to the CARS office. https://carsrally.ca/wp-content/uploads/2015/09/CARS_Incident_-Report.pdf
4. For individuals with a need to know the details of the CARS insurance policy, then a CARS insurance non-disclosure agreement is required to be on file with the CARS office. The individual should submit a request to CARS and include details of why that individual needs to know.
