

CARS Board Meeting Minutes

January 13, 2018

Item	Discussion
	Section E – Round Table Discussion (open)
	John chaired the open forum, which was well attended. Participants included the CARS extended board, The Event Organizers, the CRC Media, a rep from the ARA, a number of competitors and others.
	<p>There was a fair amount of discussion about the recent O4WD rules bulletin that is currently out for review in its draft form.</p> <p>Main points included:</p> <ol style="list-style-type: none">1. Consider implementation for higher speed factor drivers only2. Consider making boost limit same for both Open and Production <p>There was general support for the direction.</p> <p>Discussed having calibration and installation capabilities in Canada through a 3rd party/parties</p> <p>Clarified the intent of Production, to be as close to production as reasonable while recognizing that safety and durability are important.</p> <p>Discussed the change whereby changes to Production are not allowed unless expressly permitted.</p> <p>Discussed why not allow cross-platform vehicles.</p>
	<p>Discussed the availability and intent of the recent Fire Extinguisher rules.</p> <p>Double straps are readily available and the intent is to stop Fire Extinguishers from coming loose during an accident.</p>
