Dear Member Clubs

RE: ASN Canada and Insurance Update

Following the announcement that ASN Canada is no longer maintaining affiliation with the FIA, your CARS Board has been working diligently in the background to ensure the continuity of all levels of rallying in Canada.

As we had suspected, the process to establish a new, replacement ASN in Canada is not going to be a quick and simple matter. The CARS Board have been involved in providing input into proposals to the FIA and we now await the outcome and decisions by the FIA. We do not expect such decisions to be made immediately. Therefore, we don't expect to have a replacement ASN functioning on Canada prior to the expiry of our current insurance contract, which ends on March 31st of this year. When a new ASN is formed in Canada, the CARS Board will assess the value of becoming affiliated at that time and will affiliate to the new ASN if it is in the best interests of rallying in Canada.

We have been in productive negotiations with an insurance supplier in order to provide CARS with replacement insurance coverage that is comparable to the current arrangement, and that process required each member club to submit data and an application. The CARS Board wishes to thank each member club for the rapid and complete response to that request.

We are now at a stage where we fully anticipate having a replacement policy in place to provide continuity of insurance coverage going forward from April 1st of this year.

Over the next week we will have the final details pinned down and will communicate the coverages available and the premiums at that time.

The process we are setting up will allow any member club to purchase insurance through Debbie Dyer, CARS Office Manager, who will act as our single point of contact with the insurance supplier for the purchase of club and rally related event insurance.

This should leave three weeks for you to submit your insurance application to Debbie in time to ensure no lapse in liability coverage.

If you have any questions please feel free to contact Debbie or myself.

Regards

John Hall
CARS President
