

## ANNOUNCEMENT

2022-08

Subject: Canadian Rally Championship Season ending

Issue Date: September 30, 2022

To All CARS member clubs and license holders.

As stakeholders in the Canadian Rally Championship – whether that be as Event Organizers, Volunteers, Competitors, Crews or Clubs, we were all saddened to learn of the cancellation of the Pacific Forest Rally for 2022. We hope that the event will return to Merritt at full strength and better than ever in 2023.

Meanwhile, the cancellation of the Pacific Forest Rally this year presents a significant issue with the ability for teams that are interested in doing so, to gain access to Championship standings points without the need to travel across the country multiple times. With this in mind, CARS is very pleased to announce that CRC championship points for the Big White Winter Rally that will be held near Kelowna, B.C. in early December will be doubled. Currently, this is in place for the final 2022 event only, but dependent upon the experience that is gained during the close of this series season, consideration will be given to extending this practice into future championship years.

We look forward to seeing all competitors at the remaining exciting rounds of the 2022 CRC series:

Rallye de Charlevoix on October 22/23

Lincoln Electric Rally of the Tall Pines November 26

Big White Winter Rally December 9/10
