Announcement

Nº 2023-03

Subject: CARS National Scrutineer

Issue Date: January 16, 2023

In late 2017 CARS introduced the position of National Scrutineer. The objective of the program was to ensure that a higher and more consistent standard of scrutineering was being conducted. Many strides have been made by the National Scrutineers to achieve those standards.

In an effort to provide synergies and savings, CARS is combining the CARS National Scrutineer and National Series Manager roles for the 2023 season. The CARS National Series Manager will be attending the CRC events and will be supporting event scrutineering to maintain the standards and consistencies that have become the best practices at the events.

This program will be closely monitored in 2023 and will revert to separate roles if the need arises.

Thank you

Jean-Francois Guite
CARS President
