I would like to be the competitor representative again. My past 2 years on the board makes me a good choice because I know how things work. I am still a driver that does western and eastern events so I can talk with a lot of competitors. I speak French and English. I have now an Awd and 2wd background and I am open to bring any kind of discussion to the board.

I have a love for the sport and expect to remain a passionate participant for years to come. I know it is hard to get volunteers and feel it is important to donate your time to causes you are a part of. There are so many volunteers required for a Rally to occur. As a driver I cannot be a volunteer during an event, so this role is something I can perform while being a race participant.

I am in my early ish.... 50's and have sat on many boards as a volunteer in the past 20 years. Noteworthy Boards have included Royal Canadian Search and Rescue, BC Construction Association and BC Roadbuilders Association.
